Professor Teresa Czerwińska

Background and professional experience

Prof. dr hab. Teresa Czerwińska - professor at the University of Warsaw, main research area: risk management, insurance and portfolio management (habilitation: "Investment Policy of the insurance companies and pension funds").

Professional experience: Polish Financial Supervision Authority (PFSA) (2004-2005), Board Member of Centre for Antitrust and Regulatory Study (CARS); Pioneer PeKaO Investment Management (Member of Supervisory Board; The Head of Audit Committee) (2015); Member of Scientific Committee of Financial Market Congress (2012 till now); Member of Corporate Social Responsibility Board (affiliated by Ministry of Economy Poland) (2013-2015); Expert in project implemented by a working group of the Ministry of Economy and the Association of Listed Companies "ESG analysis of companies listed in Poland" (2012, 2013, 2014) - non-financial data disclosure (Environment, Social, Government).

Motivation for applying to become an IRSG member:

I am strongly convinced that developing good new regulation is important for the EU insurance sector. I hope that my academic and professional experience will be used to create new regulatory solutions for the European insurance sector. As an independent academic I would like to analyse and comment the proposals made by the supervision authority and make suggestions to improve new regulations. I consider it a privilege to contribute to the Group, it is the unique opportunity to discuss important issues and to provide research. I want to make my contribution to the development of an effective regulatory regime that supports insurance sector contribution in EU sustainable growth.
