

EIOPA Occupational Pensions Stakeholder Group

Stanislav Dimitrov

I have taught at the VUZF University (Higher School of Insurance and Finance) for more than 15 years. I am full professor in Capital pension and Financial management. I am chair of the Finance and Insurance academic council in the VUZF. I deliver lectures in the disciplines: Private pensions; Financial Management; Financial Budgeting and Planning; Business Process Management in Insurance and Venture Capital.

I obtained a master's degree in Finance at the University of National and World Economy, Sofia. My doctoral thesis is on the topic "Evaluation of a pension insurance company". I am the author of more than 40 scientific publications. I am the author of two textbooks - "Corporate Finance" and "Organization and Management of a Pension Insurance Company", and the monograph "Development of capital pension funds".

I have solid practical experience as I have been engaged in various managerial positions in pension insurance and life insurance companies.

I am scientific supervisor of doctoral students at VUZF. I am a member of the Scientific Council of the Cross Border Benefits Alliance-Europe. In 2022 I was awarded for the overall contribution for the development of the social insurance in Bulgaria from the Bulgarian Association of pension security companies and the Bulgarian Association of insurers
