

EIOPA Insurance and Reinsurance Stakeholder Group

Liisa Halme

My experience in insurance sector is over 39 years – both from non-life, marine and re-insurance. I have worked 35 years with industrial and private customers in sales and claims. I have also been member of the If P& C Insurance Co Ltd BoD's 17 years, which gives me the background of the all core business competence areas due to demand from Finance Inspection both in Finland and Sweden.

I have been a member of various boards and steering groups in Finland and EU-level, mainly representing employees and some Foundation in Finland representing the whole Insurance Sector.

My background earlier in IRSG is also reference that I am already familiar with the EIOPA tasks and work with EU-matters, as the work in other foras in EU-level (Social Dialogue in Insurance). I have also been the President for Union for Insurance Employees in Finland for many years and know the business, as today too with my current job.
