

EIOPA Occupational Pensions Stakeholder Group

Philip Neyt

I have a long lasting expertise in operational responsibilities as well as Board experience in pension funds and insurance companies. I am an independent board member in several IORPS as well as Insurance Companies acting via PENSIOENINVEST (own management company). I have been a very committed member of the OPSG in presence and active participation as well as work group leader during previous OPSG-mandate.

I have been active in the Occupational Pensions domain during the last 35 years; first as an academic and advisor to several Ministers of Pensions, followed by operational roles having been CEO of Belgian's largest IORP. Thereafter I was Independent Chairman representing the sector during 16 years (Pensioplus) as well as AIEP Chairman during 2 years; currently, I am on the Board of Directors of several IORPS and (systemic) Insurance Companies as well as UCITS, as Independent Board member.

I joined 2 years ago as well the Board of a spin-off of the Dutch largest IORP (APG-ABP) developing digital and cloud solutions as well as fully compliant secured real time data exchange (FiDa-compliant) and validated process engineering to secure operational resilience and provide AI-solutions in the Pensions ecosystem ("Hyfen").

I hold a Masters Degree in Political Sciences as well a Masters Degree in Business Economics and I was lecturer at the University of Antwerp during 8 years giving courses "Personal Finance and Financial Planning". I have been as an academic Advisor to several Ministers of Pensions on Pension Policy (all pillars) and did in-depth research on Occupational Welfare. I also followed Leadership and several Executive Management Programs with success at London Business School as well at IMD in Lausanne.
