

Planned public consultations for 2025 (Q1)

EIOPA regularly consults stakeholders on different activities such as technical standards, guidelines, or other tools under its remit. The overview of public consultations should help stakeholders to have an insight into the planning.

| Topic | Planned publication |
|--|---------------------|
| Revised Guidelines on the methods for determining the market shares for reporting | Q1 |
| Guidelines on exclusion from the scope of group supervision | Q1 |
| Revised Guidelines on related undertakings, including participations | Q1 |
| Revised Opinion on the supervisory assessment of internal models including a dynamic volatility adjustment | Q1 |

The table is updated regularly.
