Is there a need for additional powers for the ESAs?

- Current Regulation represents a balanced approach
- Need to **maximize the efficiency** of an EU authority
- New powers? - **Step by step approach**
- New tasks and responsibilities should imply **adjustment on resources**
- Preference for **100% EU financing** - independent line in the EU budget

- The ESAs and the NSAs
 - ✓ **Independent** but **closely cooperating**
 - ✓ Need to foster **supervisory convergence**
- Regulation - One size does **not** fit all
 - ✓ Closer look at **proportionality**
 - ✓ **Do not treat equally what is different** (different sectors have different risks)
- Principles *versus* details
 - ✓ **Sound principles** should be the basis
 - ✓ **Level playing field** calls for more detail

- Creation of a truly **European supervisory culture** that:
 - ✓ **Promotes stability**
 - ✓ **Enhances transparency**
 - ✓ **Fosters consumer protection**
- A culture based on **intelligent and effective regulation**
- A culture that **adds credibility and promotes good practices**

Thank you

Gabriel Bernardino, Chairman
